

CunninLynguists

Strange Journey Volume One

There has never been an anomaly in hip-hop quite like the southern trio CunninLynguists. Sampling genres from psych-rock to blues, New Romantic to polka, they have been musically compared to UGK and Atmosphere in the same breath. They have toured and shared stages with Kanye West and Aesop Rock to equal success. They have produced for Lil' Scrappy as well as KRS-One. They have crafted songs with international soul superstar Cee-Lo Green and politically charged indie-favorite Immortal Technique...on the same album. CunninLynguists have eschewed categories, boxes and labels for 6 years, 3 albums and 2 official mixtapes, all while having what XXL Magazine described as the "Most Hated Name In Rap".
